258 & 258RD Faceplates

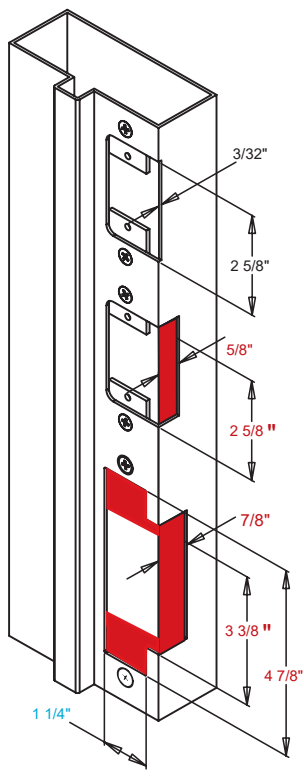

258 Faceplate

80% less frame cutting when compared to typical 4 7/8" electric strike installations.

For new or replacement installations in aluminum frames. Use with 4510, 4710 & 4750 Adams Rite® dead latches. Replaces 4502 strike plate with slight modification.

**Best solution
for installing
in aluminum.**

Compare cutting!

2 5/8"
Strike Plate

258 Faceplate
Can use existing tab holes.

Typical 4 7/8"
Electric Strike
New tabs are required.

Finishes:

258-26D

(Satin Chrome — BHMA651)

258-US10B

(Dark Bronze Powder Coat
-- BHMA613E)

Match with any 3000 Mechanism:
3012, 3024, 30LC, 30RS

No need to relocate tabs or make unnecessary cuts.

Makes for a stronger and better looking installation!

258RD Radius Faceplate

80% less door cutting when compared to typical 4 7/8" electric strike installations.
